

1. SMSS FUNDING AND OVERSIGHT POLICY

I: Introduction/Preamble

As the body that represents the academic, professional, and personal wellness of College of Medicine students, the Student Medical Society of Saskatchewan (SMSS) has the right and responsibility to effectively, efficiently, and justly award monetary rewards for various events or experiences related to the field of medicine. To allow for focused, specific identification and deliverance of these needs, the SMSS supports students and student groups that wish to explore a vast number of pursuits.

The SMSS budgets each academic year to allow for these funding expenses. As the parent organization of all recognized student groups, the SMSS reserves the right to award funding to groups or individual applicants that best align with the goals of the organization as outlined in the SMSS constitution. This task, and the task of identifying SMSS groups, is the responsibility of the SMSS Funding and Oversight Committee, described herein, and will be done in a transparent and clearly defined way.

The SMSS Funding and Oversight Committee has many important responsibilities within the context of the SMSS and these will be described further below. Since this committee and its members will be privy to sensitive information, all operations of this committee will be done in accordance with related protocols and due attention will be made regarding the transparency of the funding process as well as the confidentiality of applicants.

II: Purpose

The purpose of this policy is Threefold:

1. To establish the Funding and Oversight Committee, outlining representation and membership;
2. To establish a standardized protocol for assessing applications for funding regarding context, accuracy, appropriateness, and quality. This will be done coincidentally with protocols for recognizing both new and returning student groups, their funding, and the funding of other travel and initiative awards;
3. To outline the scope, confidentiality, and transparency of each process.

The SMSS reaffirms its dedication to its members. As such, this policy will be monitored and updated as required.

III: Scope

This policy will outline the context in which the SMSS Funding and Oversight Committee is established and functions. As such, it will reference the SMSS Constitution, SMSS Policy Package, and Working Documents. To understand the breadth of the committee outlined in this policy, readers may wish to consult:

- The SMSS Constitution (Section 8).
- The SMSS Policies Package (Travel Policy, Protocols).
- The SMSS Website (Sections on student funding proposals, new group applications, returning group applications, group funding proposals and budgets, and the Constitution template).

- Robert's Rules of Order.

IV: Definitions

1. Funding: Refers to any monetary compensation provided to students or student groups by the SMSS. These funds are provided to the SMSS by the College of Medicine in order to fulfill the SMSS and College mandates. The amount of funding provided to the SMSS, and therefore the amount available for distribution, may fluctuate yearly.

3. Student Travel Award: Refers to awards used to help students attend conferences and other learning opportunities to enhance their clinical, research, and professional skills. These awards are considered twice yearly as part of an equitable process further outlined in the Student Initiative & Travel Awards Protocol.
4. Student Initiative Award: Refers to funding intended to support students who are interested in starting a new initiative or activity that will benefit the college's student body.
